### Analysis

### Overview

MG Partners is a full-service law firm in Kazakhstan with offices in Almaty, Astana and Karaganda. The firm offers services in corporate, commercial, dispute resolution, intellectual property, real estate, land law, blockchain, cryptocurrency, and tax law. With 70% of its clients being non-residents, MG Partners provides multilingual services in English, German and French. The firm has been working on cases involving fintech, Blockchain, and cryptocurrencies, reflecting Kazakhstan's position as the third-largest global cryptocurrency mining hub. Senior partner Inna Ionova (Revazova) is a key contact.

### General business law

#### Work highlights

Advised Jamilco (Albert Trading), a leading Russian distributor of clothing, footwear and accessories brands, on their expansion into the Kazakhstan market. This included providing comprehensive legal and tax services, advising on corporate structuring, supporting foreign currency transactions, assisting with contract registrations at the National Bank of Kazakhstan, and advising on transfer pricing, currency regulations and anti-money laundering/combating the financing of terrorism compliance. The work facilitated direct deliveries from global brands to Kazakhstan, expanding Jamilco's sales channels and market presence in the country.

#### Key clients

Arca Holdings JSC, Medical Systems and Technologies, Ssenyapang
